All Defendants in this action have moved to dismiss the Plaintiff's First Amended Complaint in full. The parties have completed briefing the matter, and the motions to dismiss are currently pending before the Court. The Court's ruling on these motions could affect the scope of the litigation, including whether the case proceeds at all; if it does, what information would be relevant in exchanging initial disclosures; and what the parties would need to focus on in drafting the combined joint status report. Subject to Court approval, therefore, the parties have stipulated to an extension of that deadline by slightly more than 30 days (to accommodate counsel's upcoming trial schedule). There is good cause for the stipulation, as the Court's ruling on the currently pending motions may resolve the litigation entirely or narrow the scope of relevant information. If the Court approves the parties' stipulation, the deadline for the parties to exchange initial disclosures and file a combined joint status report shall be extended to December 22, 2017.

IT IS SO STIPULATED.
